Available in the following color palette unless custom matched.
The unique texture and pattern make it one of the most popular styles we offer. Finally, this hand selected stone will convince you that it is one of a kind texture not found in the rest of the industry.

Southeastern Ledgestone

Bold and rustic. Just what it was meant to be. It will bring a natural appeal of a Southern Home with its rough texture capturing both light and shadow. It can be layed tight or 1/2" mortar joint with a mixed percentage of Dressy Fieldstone by Designers choice.

TECH DATA & WARRANTY

Technical Data:

Compressive Strength 5500 psi
Absorption 15%
Unit Weight 7.5-12 lb/sq.ft
Thickness 1.75 inch. average
Colorfast Colors become integral with the stone during casting. Existing stone will not show no undesirable change after years of weathering.

Installation Instructions:

ANATOLIY STONE® can be applied to any structurally sound surface and needs no special structural foundation alteration or additions due to its light weight.
Apply ANATOLIY STONE® directly to the surface of concrete block, brick, and other masonry surface only if the surfaces are clean and unpainted. All other surfaces must be covered with a weather resistant barrier and a 2.5 # Galvanized Metal Lath. Apply metal flashing where needed.

(1) Sheathing, (2) Weather-resistant barrier, (3) Galvanized metal lath, (4) mortar, scratch coat, (5) Anatoliy Stone® veneer, (6) mortar joint.

Limited Warranty:

ANATOLIY STONE® products carry a 50-year limited warranty when used on structures that conform to local codes and when installed according to the manufactures specifications. Warranty is limited to repair or replacement of defective materials only and does not cover labor to remove and replace. The manufacture will not be liable for any cracked or damaged product due to mishandling.
Warranty does not cover damage resulting from building settlement, improper installation, wall movement, contact with chemicals or paint, discoloration due to airborne contaminants, and staining or oxidation.
Warranty is limited to the original purchaser and may not be transferred.

NOTES

- Just as natural stone will vary in color, Anatoliy Stone will reflect some variation in color.
- Actual stone color may vary from brochure. It may also vary from existing structures.
- Anatoliy Stone recommends grouting on all exterior applications, in harsh weather climates.
- Stone veneer is not intended and will not hold up to foot traffic.
- Like any other concrete product, under certain weather temperatures and conditions, stone may have signs of efflorescence.
- Anatoliy Stone is not responsible for discoloration due to run - off from adjacent building materials.

PACKAGING

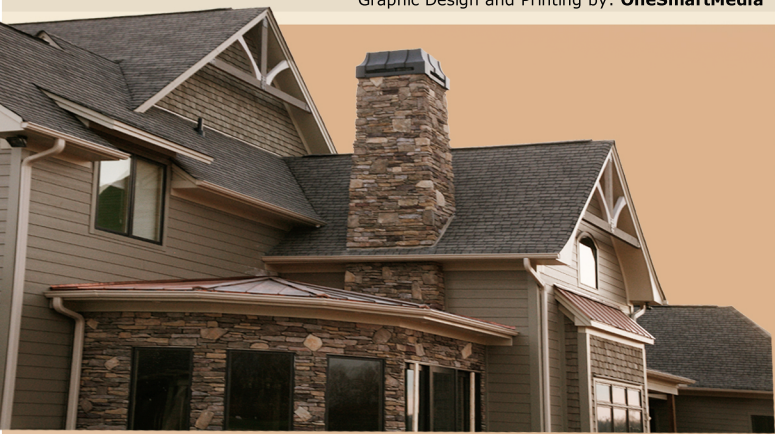

Square foot coverages are based on 1/2" mortar joints. Colors of stones are as close to the actual stone color as possible through modern photography and printing methods. Variations of colors may be expected. It is recommended you view the actual product samples

Custom colors are available upon request by our independent laboratory.
